The Board of Education recognizes that the use of androgenic/anabolic steroids and other performance-enhancing dietary supplements presents a serious health and safety hazard. Every effort shall be made to ensure that students in the Garden Grove Unified School District do not use such substances without valid medical authorization. Students participating in interscholastic athletics are prohibited from using steroids or any other performance-enhancing supplements.

Procedures for implementation of this policy shall be governed by administrative regulation in compliance with applicable statutes and CIF bylaws.
